

Job / Internship Profiles for Asia Pacific Leadership Fellows

Asia Pacific Leadership Program (APLP) Fellows are screened for job and internship potential during five months of intensive leadership training at the East-West Center. The 2009-2010 cohort is an impressive group of 40 business professionals, journalists, educators, engineers, NGO workers, and scholars. Fellows have working experience, from 3 to 15 years, and demonstrated leadership abilities in their field. Please review the fellows' qualifications and desired appointments and consider how they could contribute to your organization in a regular, short-term or internship position.

Positions may begin starting January 2010. End date is determined by the organization and fellow, unless the fellow is a non-U.S. citizen working in the U.S., in which case the U.S. position must end early May 2010 (fellow may be transferred to branch offices outside the U.S.). The East-West Center sponsors U.S. visas for fellows until early May. Compensation is decided by the organization and can include housing, stipend or salary. Fellows are self-funded, thus individual financial resources vary.

For more information, a fellow's résumé, or to set up an interview, contact:

Christina Monroe, Internship Coordinator

MonroeC@eastwestcenter.org / Phone 808-944-7645 / Fax 808-944-7070
