

Walter George Quensell

Former EWC Staff

Walter was born in Tonga to a half German father and a Tongan mother, educated in NZ & then came to Hawai'i to complete his business degree. EWC hired him as part of the housing office in the 70's and became the Budget Officer in the 80's, until he retired in 1996. He loved the ocean and was an avid scuba diver, tennis player, soccer coach, served as registrar for AYSO and treasurer for HYSA. He married Nelda Karganilla Quensell, a former EWC grantee, now a retired Prof. Emerita from UH-KCC. They have 2 daughters: Josephine & Michelle. He was a loving father who instilled in his daughters the importance of education, hard work, integrity, honesty, kindness, humility and good citizenship thru community service. We were a very happy family for 31 years until he passed away with lung cancer in 2004. Walter will always be in our hearts and in our prayers. We love him and miss him so much.
