HOUSING GUEST HANDBOOK

NOVEMBER 2021

Introduction

Welcome to East-West Center Housing. We hope the following information will prove useful in speeding your integration into our community. The Center maintains three housing facilities for its guests— Hale Mānoa, Hale Kuahine, and Lincoln Hall. Each building has a front desk that provides a variety of services to guests.

Hale Mānoa

Hale Mānoa is a 13-floor student dormitory serviced by two elevators. It is comprised of single (7'x14') and double (14'x14') rooms. Certain floors or units are designated for male only or female only room assignments. Other areas are coeducational. Rooms are arranged in units, with each unit, consisting of a combination of double and single rooms. Each living unit has shared bathroom facilities. Rooms contain a desk, dresser, chair, bed, telephone, fan, clock radio, bookshelf and closet space. All rooms feature broadband internet access. Linen including pillow, two sheets, and a pillow slip are provided. Communal kitchen facilities and coin-operated laundry machines are located on each common floor. In addition, guests have access to lounges for TV viewing and small meetings or social functions.

Hale Kuahine

Hale Kuahine is a four-floor student dormitory with no elevator. Physical arrangements are similar to Hale Mānoa. Hale Kuahine and Hale Mānoa generally house the Center's long-term degree students, short-term conference participants and other non-center guests.

Lincoln Hall

Lincoln Hall is a four-floor guest house serviced by one elevator that generally houses visiting scholars, short-term conference participants and other non-Center guests. Studios and one-bedroom apartments with kitchenettes are available. All units are furnished with telephone, cable TV, refrigerator, ceiling fans and private bathrooms. All rooms feature broadband internet access. Housekeeping service is provided Monday to Friday.

Smoking and all electronic smoking devices are prohibited by law in all East-West Center buildings and within 20 feet of any entrance, exit, operable window or ventilation intake (HRS 328J).

The residence halls are administered by the Housing Office, located on the ground floor of Hale Mānoa. Office hours are 7:45 a.m. to 4:30 p.m., Monday to Friday. Telephone numbers for the office are 944-7805 for housing reservations and 944-7809 for repairs and services.

Front Desks

The front desks serve as the reception and information centers for the residence halls and provide various services for guests.

- Hale Mānoa Desk | Ext. 7960 | Open 24 hours a day.
- Hale Kuahine Desk | Ext. 7813 | Hours vary.
- Lincoln Hall Desk | Ext. 7816 | Open daily: 8:00 am to 8:00 p.m.

Services available through the front desks include the following:

- Processing arrival and departure of guests.

- Processing of maintenance requests
- Loan of duplicate room keys (appropriate ID required).
- Receiving messages for guests.
- Reservations for use of facilities (i.e., reserved lounges).
- Making change of up to \$5.00.

Arrivals, Departures and Keys

Hale Mānoa desk is open 24 hours. After-hour arrivals and departures are processed at the Hale Mānoa front desk.

Check-In Procedures:

Check in time is 2:00 p.m. Incoming guests must check in at the front desk to register, get their room assignment, room keys and, if applicable, pay for their stay. Guests are issued key cards that will open their individual room and building security door (room keys will also open the unit storage rooms at Hale Mānoa and Hale Kuahine).

Room rental charges are due one month in advance. Payment is due on or before the 5th day of each month. A late fee of \$25 will be charged each month accounts are past due.

Room assignments are made for the entire length of stay, but changes may be requested. Room change requests are processed through the front desk.

Guests should always carry their key and keep their room locked at all times. If a guest gets locked out of their room, they must request a lockout key at the front desk. The lockout key, once issued, becomes the guest's new room key. There is no charge for lockout keys; however, the guest must return their old room key to the front desk by the end of the day. Failure to do so will result in a \$5.00 charge.

Lost Keys: If a guest loses their room key, they must request a replacement key at the front desk. A \$5.00 *per key* replacement charge will apply to all lost room keys.

A limited amount of storage space for luggage and personal belongings is available for guests. Stored items should be properly packed and identified. These items must be removed whenever a resident checks out of the unit. Fire safety regulations forbid the storing of empty boxes, crates and other flammable items.

The East-West Center assumes no responsibility for loss of property by fire, theft, or other damage. Guests are encouraged to obtain property insurance coverage through an insurance carrier.

Check-Out Procedures

Check out time is 10:00 a.m. Exceptions to the check out policy are based on availability. An unauthorized late check out will result in a one night's charge.

Guests are considered checked out only when their keys are returned to the front desk. Additional room charges can be avoided by returning room keys upon departure. Guests of Lincoln Hall or Hale Kuahine who plan to leave when the desk is closed need to clear their room rental accounts before the desk closes and deposit room keys in the front desk key drop upon leaving.

Items left in rooms, storage areas or in building common areas are not the responsibility of the East-West Center. Guests will be assessed a nightly rate if the room is left occupied by personal belongings.

Visitors

Visitors should be received in the lobby and must be accompanied by a resident at all times while in the building. The host will be responsible for the behavior of their visitors while in the residence halls and adjacent areas.

There are no restrictions on visitation, but the presence of visitors in the living units must not be a nuisance or inconvenience to the other members of the unit.

Please ask visitors to park in the green Pay-to-Park visitor's stalls located at various locations on the Upper Campus, or in the Lower Campus parking structures. Parking adjacent to the dormitories is for loading and unloading only. Unattended or unauthorized vehicles will be ticketed and may be towed. More information about campus parking is available from: <https://manoa.hawaii.edu/commuter/>

Overnight visitors may be accommodated on a space available basis. Accommodations are available for periods up to twenty nights. Visitor Request forms are available at the reception desk of each hall. **Room usage is for registered individuals only. Under no circumstances may rooms be transferred by loan or sublet to another person(s).**

Housekeeping Services

Hale Mānoa and Hale Kuahine guests are responsible for cleaning their own rooms. A broom and dustpan are available in each unit, and a mop is available in the laundry room. Linen may be exchanged at the reception desk.

Lincoln Hall apartments are cleaned daily between 9:00 a.m. and 5:00 p.m., except Saturdays and Sundays. Beds are made up daily but linen is exchanged once a week.

General cleaning and fumigation of the public areas and the cleaning of kitchens is conducted throughout the year. Guests will be notified as to special procedures during these periods.

Housing Resident Conduct Code

Since all guests of the East-West Center residence halls are adults, they are expected to demonstrate maturity, good judgment, understanding, courtesy and respect for others at all times. Behavior should be governed by the following simple guideline: One may act according to one's own wishes provided that in doing so, one does not disturb or endanger other people or property. In other words, behavior should always be guided by consideration for other guests.

Below are outlined some standards of consideration. Much remains to the resident's discretion.

Cross-cultural living situations involve challenges and adjustments. When difficulties are of a personal nature or cannot be resolved directly, guests are encouraged to consult with Housing staff. Such matters will be treated confidentially whenever possible.

1. **Visiting.** Visiting hours are not formally restricted. Guests may be received in the first floor reception area. Guests must be accompanied by a resident host or hostess at all times while on the upper floors and in other areas not designated as public areas of the buildings. Resident host/hostess will be held responsible for the actions of their guests while in the residence hall and adjacent areas.

2. **Noise.** No quiet hours are specifically established but guests are reminded that individuals' studying, relaxing and sleeping schedules vary greatly. Therefore, it is imperative that guests exercise both tolerance and consideration. If disturbances are extreme or persistent or occur during late evening or early morning hours, the resident should approach the person(s) creating the disturbance. Complaints may also be registered with the Staff Assistants or at the desk.

3. **Smoking.** Smoking and all electronic smoking devices are prohibited in all East-West Center buildings and within 20 feet of any entrance, exit, operable window or ventilation intake per Hawai'i Revised Statutes Chapter 328J.

4. **Liquor.** The sale of alcoholic beverages is not permitted in East-West Center residence halls. Guests who are 21 years old or older are permitted to possess and consume alcoholic beverages only in the privacy of their rooms/apartments or designated areas. Any disturbance connected with liquor consumption or resulting from public display of alcoholic beverages is prohibited.

5. **Drugs.** The Hawaii Penal Code, Section 1241, et. seq., makes it a felony to possess or distribute any of the respective alkaloids or salts of heroin, morphine, cocaine or any of the other "dangerous drugs", "harmful drugs" including marijuana, as those terms are defined in Chapter 329 of the Hawaii Revised Statutes. Persons convicted of felonies under this section may be sentenced to an indeterminate term of imprisonment up to 20 years, or a fine of \$10,000, or both, in addition to the penalties that may be imposed under the Resident Conduct Code. Guests are expected to be aware of, and abide by, the drug laws in force in the State of Hawaii.

Suspected violations should be reported to the Housing Staff Assistant or the desk who will, in turn, assist the complainant in notifying civil authorities.

6. **Theft.** Theft is a criminal offense and should be referred to the Housing Staff Assistant or the desk who will, in turn, assist the complainant in notifying civil authorities. Guests are urged to lock their doors at all times. The East-West Center is not responsible for damage to or loss of guests' possessions by theft, but will assist with recovery, replacement, or substitution whenever possible.

7. **Firearms.** Firearms, ammunition or other dangerous weapons, including switchblade knives, are not allowed to be stored in or brought into the halls. In addition, possession, sale or transfer of firearms, present within the State, of any description, whether usable or unusable, regardless of where

stored, are subject to the provisions of Chapter 134 of the Hawaii Revised Statutes requiring registration and permit. Possession, sale manufacture or transport in the State of a switchblade knife is completely prohibited by Chapter 134, Hawaii Revised Statutes.

8. **Damages.** Guests are responsible for loss of or damage to supplies/furniture/equipment/fixtures (mattresses, lamps, desks, chairs, etc.) or loan equipment resulting from their negligence or willful abuse. Damage costs are charged to guests who are responsible for such damage or loss and will be based on cost depreciation as computed by the East-West Center Housing Office.

9. **Guests.** The host is responsible for the conduct of guests and for rental payment or any other cost incurred by guests. Unregistered guests are not allowed to reside in the halls. Room usage is for registered individuals only. Under no circumstances may rooms be transferred (loan or sublet) to another person(s).

10. **Physical violence.** Actual or threatened physical violence or any other form of disorderly conduct is prohibited both by the Resident Conduct Code and by the Hawaii Penal Code. Suspected violations should be reported to the Staff Assistant or the desk who will, in turn, assist the complainant in notifying civil authorities.

11. **Entry into guests' rooms.** The right of each resident to be secure in their person, room, papers and effects against unreasonable searches and seizures is guaranteed by the United States Constitution and shall not be violated. Resident rooms will, however, be entered for normally authorized repairs, fumigation, and maintenance such as replacing light bulbs and repairing equipment and furniture. To the extent feasible, reasonable notice will be given of intention to enter for such purposes.

12. **Furniture and equipment (including personal equipment) which is specifically prohibited in resident rooms includes the following:**

- a) Residence hall furniture other than supplied specifically for guests' bedrooms.
- b) Electrical appliances which do not adapt naturally to existing circuits and/or which overload circuits (e.g. air conditioners).
- c) Cooking-heating elements such as burners, heating elements, electric woks, electric skillets, rice cookers, slow cookers, toasters, ovens, etc. which are being used in the resident rooms.
- d) Weapons, firearms, explosives, ammunition or switchblade knives.
- e) Refrigerators exceeding three (3) cubic feet.
- f) Any item which endangers persons or damages or threatens to damage property.

If evidence is received by the Housing staff that prohibited equipment or furniture is present in a resident's room, the Housing staff will meet informally with the resident to counsel the resident and provide a verbal warning to remove the equipment or furniture. If continuing evidence indicates that the prohibited equipment/furniture is still present in the room, the Housing Staff will request permission from the resident to inspect the room. If the request is denied, the resident/s will be cited in writing for refusal to cooperate and a formal written reprimand may also be filed.

If there continues to be evidence that prohibited equipment/furniture is present in the room, the Housing staff will prepare a written memo to the Dean, Education Program (for EWC participants) or the Administrator for Housing (for non-EWC participants) outlining the evidence of prohibited equipment/furniture and the previous steps taken to resolve the matter. The memo will request permission to enter the resident's room to remove the prohibited equipment/furniture. If written

approval is received from the Dean, Education Program/Administrator for Housing, Housing staff will enter the room and confiscate any prohibited equipment/furniture.

In the event that personal possessions are confiscated the Housing Office will store such items. These items may be claimed by the owner upon leaving the dorm. Housing staff members are authorized to enter guests' rooms under emergency situations which demand immediate action such as:

- a) The health, life or safety of the individual occupant or other guests is believed to be in jeopardy.
- b) The safety of the building, its fixtures and contents are believed to be in jeopardy.

Should a law enforcement officer request to speak to a resident, housing staff will assist in locating the resident. If a subpoena or a warrant to arrest a resident is presented, staff may assist in locating the resident but will not open the resident's room. If a law enforcement officer presents a warrant to search a resident's room, staff will cooperate in opening the room for the officer.

13. **Internet.** Internet access is provided for individual or personal use only. Commercial or institutional use is prohibited. Guests must adhere to the HousingNet's Acceptable Use Policy.

14. **Cooking.** The use of heat to prepare food and hot drinks and the washing of cooking related appliances/dishes/utensils is prohibited in residence rooms, bathrooms and all other areas of the halls except in kitchens and other specifically designated areas.

Refrigerators (not to exceed 3 cu ft) and microwave ovens (unit wattage not to exceed 1500 watts) to heat foods are permitted as long as they are UL approved and do not overload room's electrical capacity. To avoid overloading circuits and to protect one's equipment, guests should purchase an electrical power strip with surge and circuit breaker protection. Refrigerators can only be kept in resident rooms and designated common areas (Housing office approval required).

Food which is stored in participant rooms should be carefully wrapped or kept in air-tight containers. Food wastes are not to be disposed of in bathroom sinks or toilets, but should be carefully wrapped and placed into appropriate waste receptacles.

Barbecuing in grills is not permitted anywhere inside the residence hall. Storage of barbecue items such as charcoal or lighter fluid is not permitted.

15. **Storage.** All items which are left in the hall and are not accounted for by the Housing Office's procedures for storage will be disposed of. Guests with confirmed return housing reservations qualify for temporary storage on a space available basis. Contact Housing Facilities office for storage policies and procedures.

16. **Laundry.** Laundry rooms should be used for washing clothes. Unit bathrooms should be used for personal hygiene only.

17. **Fumigation and general cleaning.** Participation in the regularly scheduled fumigation and general cleaning is mandatory.
