# East-West Center Association (EWCA) Chapters

There are 53 East-West Center Association chapters who are active throughout the Indo-Asia Pacific region, the United States, and other areas. The goal of each chapter is to support the Center by broadening its outreach throughout the region.

Chapters facilitate professional networking through a variety of activities, including informal get-togethers, seminars, lectures, and workshops. Chapters also support the East-West Center by helping recruit qualified participants for its programs, increasing awareness of the Center, raising funds, and carrying out community service projects. Constituent chapters have recently been formed to bring together alumni with special interests.

Please contact these chapter leaders or liaisons for information about how you can participate in their local activities:
