*Panel 3.2 Overview*

**Meet & Greet the Newest Asia Pacific Leadership Program (APLP) Cohort - Generation 18!**

Come meet the newest members of the EWC ohana! The 18th Generation of the Asia Pacific Leadership Program (G18) launches here at the conference. Fellows from across the region will introduce themselves, what they bring to the community, and how they hope to collaborate with alumni. With enhanced programming that includes a launch in South Korea, prototyping leadership strategies in their home country, virtual team work and learning, and the traditional residential programming in Hawaii, G18 is about to embark on a new and exciting journey. They are launching here because your personal and professional success as well as shared bonds are the best indicators of the transformative journey that lies ahead of them.
